Waterproof Sleeve for CO₂ Accessory

Product Number: CSWCO2

Overview

The waterproof sleeve for a CO₂ sensor is an accessory that enhances the functionality and durability of CO₂ sensors, making them suitable for applications where they come into contact with liquids or operate in wet environments. This protective sleeve is specifically designed to accommodate CO₂ sensors used for measuring CO₂ concentrations within various liquid solutions.

* The accessory does not include a CO₂ sensor

Typical experiments

Environmental Science

- Changes in carbon dioxide concentration inside a plant terrarium during photorespiration and photosynthesis cycles

Biology

- Carbon dioxide levels during cellular respiration of peas and beans
- Changing carbon dioxide levels in a classroom
- Measuring Carbon dioxide levels inside soil
- Measuring Carbon dioxide levels in a solution
