

# einstein-connected lab

Aprender ciências de forma fácil e prática, de qualquer lugar!

Use Einstein-connected lab, a solução mais avançada para aprender ciências, para alcançar o mais alto valor pedagógico, **estudando na escola ou de casa.**

Faça **mais de 50 experimentos com os sensores embutidos**, ou adicione **sensores externos para ter ainda mais possibilidades** – o céu é o limite.

 **Measuring Abiotic Conditions in a ... beneath Rock?**

**What are the dangers of prolonging exposure to UV radiation?**

Using Sensor:

**How to measure greenhouse effect?**

Using Sensor:

**How to de static el discharge a pro**

Using Sensor:

**izing free th tablet ion sensor?**

**How dew point is changing during a day?**

Using Sensor:

 

**How to optimize growing conditions in a greenhouse or terrarium?**

Using Sensor:

   

**What is Environme variety o and an**

Using Sensor:

**anspiration plants by ng relative y in sealed ining plants?**

**What is heat Index?**

Using Sensor:

 

**What is the effect of exercise on heart rate?**

Using Sensor:

**How enviro sensor meteor stat**

Using Sensor:

**einstein**
